

Why join the Mustangs Track and Field Club at Euclid?

Our goal is to promote youth health, leadership, as well as individual, team and community pride.

Our mission is to assist in community building through youth track and field involvement. The Mustangs Track and Field Club is a non-profit 501 (c) 3 organization that was formed as a certified member of the Amateur Athletic Union (AAU) and USATF (USA Track and Field).

Our coaches are USATF certified. We exemplify positive role modeling while encouraging/teaching leadership development, sportsmanship, and pride in one's self and community.

Our athletes work hard and have fun. Join us as we embark on another year of travel throughout Ohio and the nation for local, district, regional, and national competitions.
